## BUSINESS MEN HAVE PLAN FOR RELIEF

Want Union Leaders To Issue Work Order

### WILL HIT THE RAILROADS

Four-Hour Day Facing Great City Of Chicago.

(By Associated Press.)

Chicago, December 6.—War on profiteering and further adjustment of conditions for a continued battle against the coal famine on the part of the public were the main developments in the coal crisis today.

A delegation of Chicago business men left for Washington today with a plan which they hoped offers a solution of the strike.

Their plans provide that union leaders shall order the miners to return to work as a patriotic duty on the basis of the 14 percent increase. A national arbitration committee would then be appointed to investigate all phases of the situation and render a decision which would be binding on both sides of the controversy.

Drastic curtailment of passenger train service throughout the country today had been ordered as a fuel conservation measure.

As the strike of coal miners entered its sixth week optimism which some operators were said to feel was not reflected in actual developments reported.

Additional industries were closed or had given notice that operation would be suspended after today while the coal saving orders that already had put Chicago on a 6 1/2 hour business day and affected other cities of the central west were extended to other places.

Indications were if the shortage continued Chicago would be forced on a four hour day.

## UNION WORKER SAYS LEADERS WILL TAKE VOTE

Says Meeting Will Be Held In Washington.

### Steel Strike May Be Called Off

(By Associated Press)

Youngstown, O., December 6.—The fate of the steel strike will be decided at a meeting of the national strike committee at Washington, December 13th when the presidents of the 24 international unions involved will vote directly upon the proposition of ending the strike, it was stated here today by an organizer who said he had been sent to check up on reports made by the strike committee.

### KNOWS NOTHING

(By Associated Press.)

Pittsburgh, December 6.—Secretary Foster of the National Steel Strike Committee this afternoon asserted he knew nothing of a move on foot to end the steel strike.

### RESTORE SERVICE

(By Associated Press.)

Toledo, O., December 6.—Complete street car services was restored here today.

SHE URGES SELF GOVERNMENT FOR BRITISH COLONIES

Lady Cowan.

Lady Cowan, wife of Sir William Cowan, is in the foremost ranks of those who are urging self-government for all of Great Britain's possessions. Lady Cowan has first-hand knowledge of the conditions in the British possessions, as she travels extensively and has visited every one of the colonies.

### THE WEATHER

Washington, December 6.—(Associated Press)—Weather predictions for next week, issued by the weather bureau today are:

Unsettled, with occasional snows and rains and low temperatures.

## DEATH SENTENCE OF M'KITTERICK COMMUTED TO LIFE

Governor Cox Today Commutes Sentence.

Found No Element of Pre-meditated Murder.

(By Associated Press)

Columbus, O., December 6.—Governor Cox today commuted to life imprisonment the death sentence imposed upon Wm. McKitterick, convicted of first degree murder for the killing of Belle Mann Green at Dayton, Ohio.

In commuting the sentence Governor Cox said that upon review of the case he found the element of premeditation was not present; that the crime was committed in the hot-blood of anger with a flimsy penknife which hardly held together, showing no preparation was made for the deed.

## WILL GET COAL AT ALL COSTS

(By Associated Press)

Knoxville, Tenn., December 6.—No increase was served on miners and operators here today by the governor that all of the resources of the state in men and money would be used to produce coal unless the strike was ended speedily.

## PARTY LINES TO COME LATER

(By Associated Press)

Manchester, England, December 6.—Premier Lloyd George, speaking before the reform club today totally rejected the suggestion that the time had arrived for a renewal of party distinctions by the liberals and conservatives.

## 150,000 WILL BE OUT OF WORK

(By Associated Press)

Cleveland, O., December 6.—More than 150,000 men and women will be thrown out of work here and industries throughout the city will be shut down in five or six days.

## TO TAKE CITIES

(By Associated Press)

London, December 6.—It is learned here that in the event of military measures against Germany the British and Belgians will occupy Essen while the French and Americans will go to Frankfort.

## SUPREME COUNCIL DEMANDS SIGNING

Note Sent To Germany Near An Ultimatum

### MAY USE ARMED FORCES

Prisoners To Be Released With Signing.

(By Associated Press.)

Paris, December 6.—In a note drafted by the supreme council today, it is demanded that Germany sign the protocol providing for the carrying out of the peace terms, failing which the allies, it is set forth, will be obliged to have recourse to military measures.

The utmost secrecy is being observed regarding the terms of the note, which was unanimously adopted by the council this morning, but it can be said that it is worded so firmly that conference circles expect the discussion with Germany regarding the putting of the treaty into effect will be finally closed.

The note recalls that making the treaty effective means the immediate release of the German prisoners. It leaves the reply to the German representatives regarding the claim for the sinking of the German fleet at Scapa Flow, to be dealt with in a later special note.

The note closes by directing Germany to sign the armistice protocol, failing which action the council declares it will be constrained to adopt measures of coercion of a military order.

ENGLAND APPOINTS NEW AMBASSADORS TO JAPAN, POLAND

Sir Charles N. E. Eliot, above, and Sir Horace Rumbold.

Sir Charles N. E. Eliot has just been appointed ambassador to Japan by Great Britain. The post is considered the most important of all British diplomatic assignments. Sir Eliot is suited for the work because of his wide experience in occidental and oriental statescraft. He is known as one time as secretary of the British embassy in Washington. Sir Horace Rumbold was appointed British ambassador to Poland recently.

## WILL NOT PERMIT INCREASED COST ADDED TO COAL

Consumer Must Be Protected Says Garfield.

No Objection in Ohio if Operators Pay.

(By Associated Press)

Washington, December 6.—Not one cent can be added to the price of coal to finance any increases in the wages of miners, Fuel Administrator Garfield declared today after reading press dispatches that Governor Cox of Ohio had proposed that miners and operators in that state compromise on the basis of a twenty-five per cent advance in pay for the men.

Dr. Garfield indicated that the government would interpose no objection if the increase could be given without advancing coal prices.

## PLACE EMBARGO ON FUEL OIL

(By Associated Press)

Washington, December 6.—The Railroad Administration has established an embargo against shipment of fuel oil from the west to points east of Chicago and St. Louis.

This action was necessary to conserve the supplies of coal available for territory west of the Mississippi and to compel where possible the use of fuel oil instead.

## GOVERNMENT SEIZES SUGAR

(By Associated Press)

Spokane, Wash., December 6.—Orders for seizure by the government for 5,300,000 pounds of sugar held at Yakima and Toppenish, Washington, by the Utah-Idaho Sugar Co., were issued here today by the United States District Judge.

## SHORTAGE CURTAILS INDUSTRY OVER OHIO

Increasing Scarcity of Fuel Keenly Felt.

### FACTORIES ARE CLOSING

Monday May See End of Strike In State

(By Associated Press.)

Columbus, O., December 6.—Industries in all parts of the state are curtailing the consumption of coal, and a great many have suspended operation because of the shortage.

Unless production is resumed within a few days, state officials predict that several hundred thousand workmen in Ohio will be idle.

Industrial leaders, however, are optimistic and have hopes that Governor Cox's negotiations with operators and miners' leaders will bring about a settlement of the strike of Ohio miners.

Governor Cox, following a conference with operators yesterday, declared the prospects for settlement are good, and conferences will be resumed Monday.

While no statement as to the proposals for a compromise were made public yesterday, it is believed the governor proposed an increase of approximately 25 percent. It is generally believed the 25 percent increase will be acceptable to the Ohio miners.

The mayor of Canton has announced that if no agreement is reached between the operators and miners, he will issue a call for volunteer miners to operate mines in that county to relieve the coal shortage.

Theaters and motion picture houses in many cities have voluntarily agreed to extinguish their electric signs one hour each night.

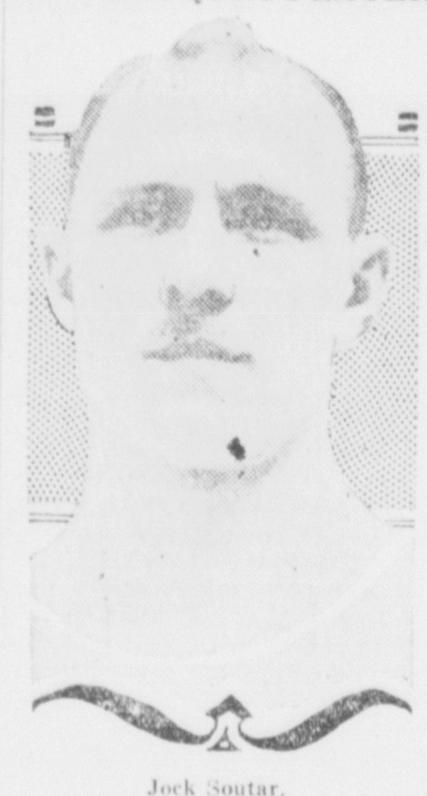

## COMES TO U. S. AS PERU AMBASSADOR

Frederico Alfonzo Pezet.

Peru's new ambassador to the United States is Frederico Alfonzo Pezet. He will assume his duties shortly. He is well known in Washington having served as Peruvian minister for many years. Before that he was secretary of the legation.

HERE'S CHAMPION RACQUET PLAYER

## OPERATORS SAY MINES TO CLOSE UNLESS GET PAY

Claim Railroad Administration Is Slow

Give One Week in Which To Pay for Coal.

(By Associated Press.)

Washington, December 6.—All brilliant coal mines now in operation must close within a week unless the Railroad Administration pays for the coal it has confiscated or diverted, said a statement today by the American Wholesale Coal Association.

The association said the Railroad Administration had refused to pay for the coal until a price it considers fair had been fixed by Fuel Administrator Garfield, and that Mr. Garfield had refused to change his price ruling.

## TO PROSECUTE OIL PRODUCERS

(By Associated Press)

Washington, December 6.—Prosecution of western oil producers for alleged profiteering was ordered today. Federal agents were instructed to proceed at once against producers who have taken advantage of the fuel shortage in the west to increase the price of their product.

## CARRANZISTAS START TROUBLE

(By Associated Press)

Washington, December 6.—Private advices received here today from Mexico said Carranza troops at Pachuca fired on the followers of General Obregon while the general was making a public address in the interest of his candidacy for the presidency.

## 30,000 BEDS FOR SOLDIERS

(By Associated Press)

Washington, December 6.—Asking Congress for \$85,000,000 to build and equip hospitals to care for war risk insurance patients. Sergeant Major of the public health service today reported that more than 30,000 beds would be needed by July.

## ACTION WOULD BRING RESULTS

(By Associated Press)

Springfield, Ill., December 6.—A settlement of the strike of soft coal miners in Ohio and Western Pennsylvania would be followed quickly by a settlement in the Illinois field. President Farrington of the Illinois miners said today.

## AMERICA'S ATTITUDE REMAINS THE SAME

Release Of Jenkins Makes No Alteration.

### DETAILS ARE STILL LACKING

See Carranza's Hand in Jenkins Freedom

(By Associated Press.)

Washington, December 6.—The American government has not changed its attitude on the Jenkins case and had no part in obtaining his release on bail, Secretary Lansing declared today, in denying rumors that the State Department had unofficially "passed the word" to the Embassy at Mexico City to see that the consular agent was liberated on bond.

The State Department, it was said, had not yet been advised officially that Jenkins was released on bail. It received word today that Jenkins did not know, until after he was liberated that bond was furnished.

Officials refused to comment on reports that J. W. Hansen, who furnished the \$500 bond was acting for Minister of Finance Cabrera in Carranza's cabinet. They are awaiting reports on this from the American Embassy at Mexico City.

There was wide conjecture today just how the release of Jenkins affected the relations between Mexico and this country.

There was a feeling in Washington that the tension in the Mexican situation had slackened but there was no official announcement from the State Department.

## LABOR FATIGUE HAS ITS MORAL DANGERS, SAYS MISS ADDAMS

Miss Jane Addams recently started an audience of physicians by announcing that despite the well-known sayings, "Satan finds work for idle hands to do" and "All work and no play makes Jack a dull boy," that work and hard labor are tending to make Jill a bad girl. Miss Addams explained that while labor and its consequent fatigue rids a person of the physical inclination toward lewd or immoral diversion, that psychologically, the reverse is often the case. The connection between fatigue and the lowering of moral resistance has not yet been fully worked out, but there is an appalling connection between them is the verdict of Miss Addams who is always a careful and dependable observer of industrial conditions.

**"Y" OPEN HOUSE  
DRAWS CITIZENS  
BY THE HUNDRED**

*Large Crowd Agreeably Surprised at Transformation Apparent in Y. M. C. A.*

*New Bowling Alleys Center Of Attraction — Other Activities Draw Attention.*

From early in the evening until a late hour the Y. M. C. A. was crowded in all departments for the formal opening of the institution under the new plan, Friday night. Each branch of the big plant has been undergoing changes and alterations until the majority of those who took part hardly recognized it as the former place called the "Y". There were volley ball teams, basket ball squads, and bowling teams in action together with a

mart calisthenics drill. Both the boys and the men's game rooms were open and the French class met for the first time.

Secretary F. L. Fraser received the visitors in the lobby. Here the first transformation was noted. Huge ferns and plants, comfortable reading chairs curtains at the windows, a few games and plenty of reading material greeted the eye. The lobby created a very pleasing impression among the guests.

**Bowling Popular**

During the entire evening the center of attraction for the men and a great many of the women was the bowling alleys. Eight teams of bowlers were present for the formal opening of the recently installed and strictly modern alleys. The sport bids fair to become one of the most popular in this city.

In the first game the Preachers defeated the High School boys by a score of 450 to 379. Rev. Willhite was high man for his team with a score of 112. Willard Perrill led the High school with 102.

The second game rolled was won by the team representing the Shoemakers against the Bankers with a score of 580 to 526. Storey was high scorer for the Shoemakers with 136. Baker led the Bankers with one of the best scores of the evening, 158.

Maynard Craig made high score of the games when he rolled 181 in helping his team, representing the Orman Motor Co., defeat the Coffman Manufacturing Co., led by H. G. Coffman, by a score of 624 to 526. Coffman was high man for the Planers with 131.

The closest game was between the Longs and the Shorts, made up of business men in which the Shorts led by F. L. Tipton were defeated by the Longs under Ed Flite 686 to 679.

Two teams, one made up of young men and the other composed of older fellows, bowled the last tilt. The young bowlers were defeated by the veterans with a score of 686 to 522.

Noah Kier had charge of the alleys during the evening.

**Gymnasium Activities.**

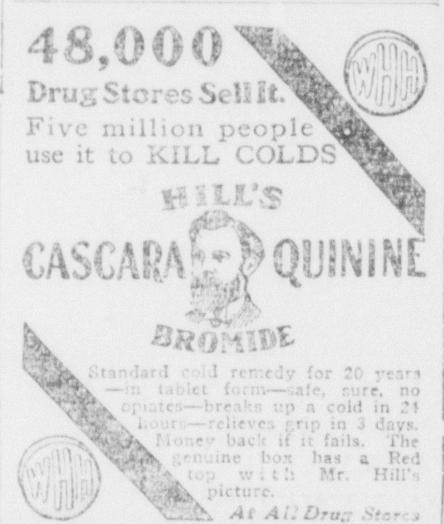

Physical Director Kiester gave an exhibition of calisthenics with his gym class. A few simple gymnastics were sufficient to demonstrate the progress being made in this branch of the "Y".

A squad of players of the Business Men's volley ball league easily defeated the Friday evening gym class at an exhibition game of volley ball.

In the basket ball game the "Y" won over the High School team by a comfortable margin. The game was very even until the second half when several new men were substituted by the High School.

**Game Rooms Busy**

Of real interest to the parents was the game room and equipment in charge of Glenn Boots, the Boys' Secretary of the "Y". In the room fitted up especially for the youngsters were numerous games and all things that go to attract the growing boy.

This will be the first of a series of meetings to be held during the winter in the various churches under the supervision of the Y. M. C. A. Mr. Fraser will be in charge and Dr. McCuaig will speak on "Are Our Marriage Standards Changing?"

In the evening at Grace Church the subject will be "Mistakes about Marriage." During the week following Dr. McCuaig will talk to the women and high school girls for an hour, beginning at 3:30 p. m. His general subject for these lectures will be "Marriage."

**IMMENSE CABINET  
FOR FORD PARTS**

Carrying out the policy of adopting practical aids to further the efficient system in effect at the huge plant of The Ortman Motor Company, the firm has purchased a Steere-Kiston Ford Parts System, which consists of a huge cabinet or case capable of holding \$25,000 worth of Ford parts, and each compartment of the right size and shape, numbered and accommodating the great variety of Ford parts. The new addition to the big stock room of the firm enables the salesman to walk at once to the section of the case where the part desired is kept, and obtain the part without delay, thus saving time in looking for the part if filed in the ordinary manner, and eliminating the necessity of delay to the purchaser.

The system is one of the first installed in Ohio.

The Binckley-Hillery wrestling bout scheduled in this city for Wednesday night has been cancelled, and Matchmaker Chic Saylor is now endeavoring to match Bill Demetral, Charley Fox, Paul Bowsler or Eugene Mavanne with Binckley here Wednesday night. Definite announcement is expected Monday.

Hillery's withdrawal from a finish bout with Binckley at this time is due to his inability to get the training desired for the match and his newness at the game, but a little later on he expects to meet the big fellow from Columbus and put him in a finish bout. If Saylor succeeds in booking either of the four men against Binckley, the event Wednesday night promises to be a genuine headliner.

## The Plain People

After all these problems which, permitted to remain unsolved for so long a time, thus forming the real basis for unrest and anxiety, are elementary. We do not require any extraordinarily gifted expert or theorist to lead us out of the labyrinth, more fancied than real, in which we seem to be wandering so aimlessly.

As a matter of fact the conditions demand the attention, and the efforts of the level headed people of the middle classes—the men and women who do things in every day life.

The expert social reformers and theorists, the radicals either representing the so-called conservative element or the laboring element are dangerous guides to follow in times like these. The truth is that we have had entirely too much advice from expert theorists who are short of that priceless and essential knowledge which is only to be gained in life's great school of experience. The slum denizens, the parlor debators, the one knowing only the worst life and the other only the easiest life are neither one equipped to advise the people.

There is no problem today confronting the nation which cannot be resolved, which will not, in fact, resolve itself if approached honestly, frankly and in a common sense way, into the simplest of causes.

There should be a cessation of writing and preaching by those who are either above or below the level of the middle class people of the land. We all want to hear more from the people who are most vitally concerned—the millions who daily wrestle with and solve the problems of life, the men and women who must make a living in America, the folks most vitally concerned in the proper and speedy solution of our problems, social and industrial, in short, the men and women who have made America and must preserve the nation and bring it once more to safe moorings.

When the great middle classes become active, and they will, the fog will soon vanish, the problems, made to appear complex by experts, stripped of the wild theories which have developed them, will no longer annoy and vex us.

## Another Thriller

As the trial of Senator Truman H. Newberry of Michigan, under indictment found by a federal grand jury charging him with violation of the election laws in his recent campaign against Henry Ford, approaches, and the armies of attorneys representing Senator Newberry and the nearly one hundred and fifty other defendants, jointly indicted with him, begin to arrive in the trial city, the prospect of a battle, rivaling the Ford libel suit in sensational phases, is clearly indicated.

The Ford libel suit furnished a sensational fizzule unparalleled in American courts. The public was literally deluged by the Ford and Tribune news bureaus with tons of matter presenting their cases to the public in every detail. The case was tried in pamphlets and circulars mailed broadcast throughout the country.

It is to be sincerely hoped that the public, which has been surfeited already with propaganda of various kinds and shades, will be spared another bombardment from Michigan.

## POETRY FOR TODAY

## HARVEST

We celebrate no Harvest of the Dead!  
The seed-corn, multiplied a millionfold Returns to use through death, decay, and mold;  
This day we keen the Feast of Living Bread!

Still ring the echoes of his feet who trod  
Our quiet fields to harrow deep the soil;  
Stalwart he grew, and throve on lustful toil.  
Plowed deeper still, and cursed each clinging clod.

The morning mist, the dews of night, retain  
The imprint of his fearful-featured wrath;  
The murdered trees memorialize his path;  
His furies drenched the earth with crimson rain.

He plowed and harrowed with his hell-wrought steel—  
Rejoiced to see his gaping furrows grow;  
But at his back One moved, who seemed to sow  
In mood exalted, with a holy zeal!

His mighty gesture flung the gleaming seed;  
He heeded not the shrieking plowman's hate;  
The seed was safe—it needed but to wait;  
No law can fail which God Himself decreed.

Man's faith in Truth, in Liberty and Right—  
This seed redeems each age to Chaos hurled;  
This seed shall save an upward-cycling world;  
From seeming death it draws its conquering might.

# Gas Rates in Other Ohio Cities

These representative Ohio cities and towns, recognizing the threatened early exhaustion of the natural gas supply unless the present rate of consumption is reduced, have adopted conservation rates as follows:

Oberlin, Ohio.

88c per thousand cu. ft. Minimum charge 85c per mo.

Brookville, Ohio.  
W. Manchester, Ohio.  
W. Alexandria, Ohio.  
New Paris, Ohio.  
Eldorado, Ohio.  
Castine, Ohio.  
New Madison, Ohio.

60c to 90c per thousand cubic feet according to amount used. Minimum charge \$1.00 per mo.

Canton, Ohio.  
Canal Dover, Ohio.  
Cuyahoga Falls, Ohio.  
E. Youngstown, Ohio.  
Girard, Ohio.  
Kent, Ohio.  
Niles, Ohio.  
N. Canton, Ohio.  
Massillon, Ohio.  
Ravenna, Ohio.  
Struthers, Ohio.  
Warren, Ohio.  
Uhrichsville, Ohio.  
Dennison, Ohio.

E. Palestine, Ohio.

63c per thousand cu. ft.

Hubbard, Ohio.

63c per thousand cu. ft. Minimum charge 90c per mo.

New Philadelphia, Ohio.

Same as Canton, with 60c per mo. readiness-to-serve charge.

Lima, Ohio.  
Cridersville, Ohio.  
Wapakoneta, Ohio.  
St. Marys, Ohio.  
Celina, Ohio.

50c to 70c per thousand cu. ft., according to amount used.

These rates reduce the use of gas from 29 per cent. to 50 per cent. according to the rates charged in the communities enumerated. Since all natural gas companies supplying gas to Ohio draw their supply from the Appalachian field where the supply is now 40 per cent. below the connected present load, it will be seen that this reduction in the use of gas means that the demand is lessened to a point where the field can meet it.

As this increase in rates, resulting in reduced consumption goes forward it is plain that the desired result, the conservation of supply for future years of use, will certainly be obtained.

The foregoing are only a few of the cities where natural gas rates have been increased. But the list will serve to show our customers that the application of higher rates is widespread. It is part of the movement all over the country which has for its purpose the conservation of natural gas for many years.

**RANDOM NOTES****SOCIAL : PERSONAL MENTION : CLUBS**

West Holland Auxiliary of the Woman's Home Missionary Society met at home of Mrs. Carey Overstake Friday afternoon, with Mrs. Overstake and Mrs. Emmer Miller the hospitable entertainers.

The meeting was one of marked interest and enjoyment.

Mrs. G. W. Thompson, President, conducted the devotionals with sixteen members present.

A letter was read from the girl who is being educated at Aiken Hall, Olive Hill, Ky., by this society and Mrs. Harold Inskip made a very interesting talk on the classes in "Home Hygiene" which are to be started un-

der the direction of the Red Cross through the county. The society expects to take an active part in this work.

A Xmas basket, from which gifts were merrily drawn, added to the afternoon's pleasure and the hostesses served appetizing refreshments.

The Golden Rule Class held their fortnightly meeting with Mrs. Earl Johnson in Rock Mills, with four guests besides the usual attendance of members.

Miss Almeda Cockerill led the devotionals, Mrs. Roy Porter conducted the lesson study. Announcement was made that the next meeting would be held at the home of Mrs. Taso Post, in two weeks.

Music and delicious refreshments contributed to the social time.

Mrs. J. L. Coil extended the hospitality of her home on the Wilmington Pike, to the December meeting of the Mount Olive Ladies Aid Society.

Eleven members responded to roll call with a scriptural verse, and there were four visitors.

After the regular business was transacted, Mrs. Coil and Miss Cora Plymire gave selected readings, followed by a delightful social session.

The K. of P. Castle dance to be held next Tuesday night, December the ninth, will be under the auspices of the Pythian Sisters and plans are underway for a delightful dance.

Harvey's five piece orchestra, which is becoming more popular with dancers with each successive dance, will furnish the music.

**MAN IS FACING SERIOUS CHARGE**

Frank Grove, local man said to be a railroad employee, was taken in tow late Friday night near the city dump as result of complaints made that he had shot at a B&O breakman A. R. Rousine, of Chillicothe, while the breakman was walking down the track as flagman.

Rousine was carrying a lantern when he heard a voice shout "put out that light!" and on the instant a pistol shot followed and a bullet struck the track near him.

A call was put in for the police and Sheriff and within a short time officers had located the man near the city dump, finding him, according to the officers, in a bad state of intoxication. He was taken to the city lockup and later to the county jail. A .32 caliber revolver was found on him, one cartridge being empty.

Saturday a charge of shooting to wound was placed against Grove and his hearing will probably occur Tuesday evening.

Isn't it a fact that, unconsciously, you look for cleanliness and purity in your food products? It has become such an established habit that you demand it almost without knowing it.

Then you should understand clearly the difference in handling your milk supply. You should be no less vigilant in selecting your family's milk than in other foods.

Pasteurized milk is absolutely pure and safe, because pasteurization is the only process which, without impairing the quality, destroys, absolutely, bacteria present in all unpasteurized milk.

**RED CROSS SEALS HAVE BEST DAY**

Despite the miserable conditions underfoot the school children of the eighth grades made thorough canvass of the city Saturday in an effort to give opportunity to every one for buying Red Cross Christmas seals.

Thirty teams of two children each were allotted districts and streets and were on the job at an early hour. By the middle of the afternoon almost every home had been visited. Arthur Rothrock had charge of the graders with headquarters at the Red Cross Rooms.

In the stores of the city, throngs of shoppers were supplied with seals by the members of the Cecilians. Boths were maintained all day at the most popular congregating points.

Saturday was the biggest sale day of the campaign and ended the four intensive campaign of the club women of the city. Additional activities to promote the sale of the seals are scheduled for the remainder of the ten day drive.

**That Breakfast Fragrance**

**H**AVE the coffee steaming—let its delicate aroma fill the dining room. Let the fragrance of it float out into the hall and tell the whole house that breakfast—breakfast worth living for—is ready.

And then bring out the very best that is in that steaming coffee with Every Day Milk with "always the same delicious cream-like flavor."

The cornflakes or the oatmeal will taste better with Every Day Milk, and be better for the children, too.

Each bright tin of Every Day Milk, you see, is all the butter fat, all the cream, all the richness of twice its quantity of dairy milk. More than half of the water has been taken out, leaving a double richness. Nothing is added.

Because Every Day Milk makes you independent of ice man and milk man—because it is always fresh and pure, always ready—because it gives you twice the richness of milk for less money—Every Day use Every Day.

**EVERY DAY MILK**

You can get valuable premiums FREE by our plan of sharing profits with you. Write for interesting illustrated book, "A Thousand and One Free Premiums," Every Day premium Dept., 50 Franklin Street, New York.

**WASHINGTON FULL PENNSY TERMINAL**

Effective with the late time changes on the Pennsylvania railroad, this city becomes a full terminal for local freight service. Formerly trains laid up here every other night. Now two trains are held here nightly, the yard work being taken care of by the West End local.

From an authentic source it is learned that more than 200 persons are employed in the different branches of service on the three railroads in this city. Nearly all of these men have families. They certainly contribute a neat sum to the retail end of business.

**LOCAL TEAM GRABS ONE FROM STRONG COLUMBUS TEAM**

Although defeated by Columbus in Southeastern Ohio section volleyball tournament, Friday afternoon, on the Columbus Y. M. C. A. floor the Washington squad, representing the Business Men's volleyball leagues, made a splendid showing against more seasoned opponents.

Washington drew Columbus and won one out of the three games required to decide the elimination. Columbus won the first but the Business Men came back strong and grabbed a game. The last game was hard fought as were all the clashes. Columbus also defeated Springfield.

A serious handicap to the local team was that they were forced to drive by auto to Columbus and then go on the floor immediately after arriving on the scene. The squad is confident that they can defeat some of the big city teams and it is very probable that some additional games will be scheduled within a short time.

The team representing the Business Men at the tournament included Craig, Clasgens, Tipton, Ireland, Penn and Peddicord. A. C. Kegler had the management of the squad.

In commenting on the tournament the State Journal says:

"In the sectional volleyball tournament held at the Y. M. C. A. yesterday the Columbus team was successful, winning two out of three games from Springfield and turning the same trick on Washington C. H.

The tournament here was known as the Southeastern Ohio Section. At the same time tournaments were held at Hamilton, Lima, Cleveland and Youngstown. Within the next week or 10 days a state tournament will be held between the winners of yesterday's sectional tourneys."

**Great Healer For Sores, Cuts, Scalds Burns and Bruises**

*Great Antiseptic Ointment Called SAN CURA that Blackmer & Tanquary sell on Money-back plan.*

"Arm badly scalded with steam," writes Gilbert Hard of Rinard's Mills, Ohio; "San Cura Ointment relieved the pain at once and arm healed rapidly. It is a wonderful ointment."

Here's another: Ellis W. Frankenstein, Titusville, Pa., broke his leg; was in bed six months; discharged from hospital as incurable; was five years on crutches; while opening in leg continued to discharge pus; suffered terrible pains; San Cura Ointment drew out poisonous pus and many pieces of bone; now perfectly healthy; sore healed, and weight increased from 86 to 121 pounds.

San Cura Ointment is such a marvelous healing antiseptic ointment that it is sold on a money-back plan,

# The CHENEY for Christmas

*A Gift of Ever Increasing Worth, for  
"The Longer You Play It,  
The Sweeter It Grows"*

**A**PRACTICAL gift, yet breathing refinement and elegance. A gift that all the family can enjoy, and a gift that will become of increasing worth.

For it is true of the Cheney alone that "The Longer You Play It, the Sweeter it Grows." Within each Cheney cabinet are enshrined acoustic principles never before applied to tone reproduction—improvements upon old methods which give to the Cheney, tones unrivaled in sweetness, beauty and richness.

Forest Cheney, musician, inventor and scientist, adapted the fundamental principles to tone reproduction which give the violin its sweetness and purity of tone and the pipe organ its rich fullness. He has achieved new heights—he has set his instrument in a class apart.

The Cheney gives piano records the very timbre of piano tones, keeps all of the parts of an orchestra record in perfect balance, maintains the purity and fullness of vocal records which characterized the original production. Needle scratch and mechanical noise are virtually eliminated.

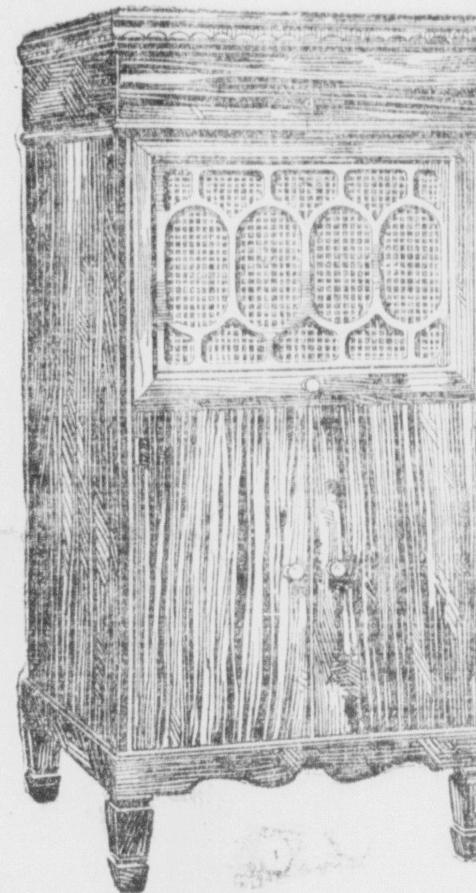

The Cheney plays all records—it is a masterpiece. To really appreciate it, you must hear it.

Regular Models, priced from \$85 to \$365.  
Console Art Models, \$325 to \$600.

**SEEK CORRECT LIST OF DEAD**

Are all of Fayette county's soldier dead, in the recent war, included in the accompanying list and are any changes desired in the spelling of the names?

This is what the Fayette War Work Council desires to know so that when the names are placed on the new solid bronze memorial tablets for the memorial arch they will include all of Fayette county's recent soldier dead and the names will be correct.

Any citizen who knows of a deceased soldier whose name does not appear on the list, or whose name should be changed from the way it appears below will be discharging a duty to the dead heroes if they will notify the City Editor of the Herald immediately so that the correction may be made.

The 44 names so far obtained are given below:

George W. Allen; Ralph Bartlett; Jennings Bland; Harry Brown; William H. Brown; John Burke; Oscar Caplinger; Ralph Chilcott; Will Denney; Ray Archie Dixon; Clarence Downer; Addison Funk; Arley Griffith; Clarence Hard; Fred Hillary; Paul M. Hughey; Ray B.
